

From This!

Wow! What a transition the **Holly Avenue Garden Club** has accomplished. The Holly Avenue Garden Club was awarded our largest 2018-2019 Mini-Grant for their "Holly's Garden Makeover: Nurturing Nature and Sprouting Gardeners." Recently, they installed new water efficient sprinklers, purchased and assembled 8 recycled plastic raised garden beds, added flower and vegetable mix to the planters and placed pea gravel throughout the garden grounds. Congratulations to the dedicated teacher advisors and the lucky students at Holly Avenue!
